

San Leonardo

1724

Vi condurremo in un viaggio senza tempo alla scoperta di un mondo antico dove le pratiche di cantina, ancora assolutamente artigianali regalano vini che sono autentici gioielli dell'enologia italiana.

San Leonardo

1724

Starting from the courtyard in Borgo San Leonardo, we will visit our vineyards and the gardens surrounding Villa Gresti. We will open the doors to the winemaking cellar, to then descend in our underground ageing room, where our wines peacefully rest. We will show you our ancient monastic garden, with its medicinal herbs and adorned with a collection of antique roses. We will proceed to the museum and our collection of historical tractors, to close the visit with the ancient church dedicated to San Leonardo.

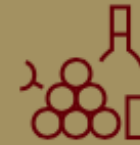

VISITING HOURS

Mo-Fr at 10am or 2pm

DURATION TIME

About two hours
