3,9 Km

104 mt

### Cycle-path of Fondovalle | Ala

A circular route in the **Adige Valley** between the villages of Ala, Serravalle and the cycle path, part of the European **EuroVelo** network (EuroVelo 7 Ciclabile del Sole).

The route passes through historic villages and areas of prized vineyards, keeping mostly on bicycle-friendly stretches or secondary roads with little traffic with mainly flat stretches.

Medium

2:10 h

27 Km

120 mt

## Unusual routes

### Mori, Between Rovereto and Garda

With its **thirteen hamlets**, Mori embraces the vast territory of the Camerata Valley with a historical, archaeological and artistic heritage of great value. The historic centre is gathered around Via Teatro, which takes its name from the gracious municipal theatre and hosts numerous **18th-century buildings**, among which the palaces Delaiti, Salvadori and Salvotti stand out. Among the most significant buildings is the 12th-century archpriest's church of Santo Stefano. The area is also rich in prehistoric sites, including the 'Grotta del Colombo' and is dominated by the Nagià Grom hill. Thanks to considerable restoration work, you can visit the trenches protected by reticulated walls, caves, shelters, artillery positions and observatories.

## Get inspired

### Manifattura Tabacchi | Rovereto

With the production of cigarettes having ceased a few years ago, the cigarettes, the factory's spacious halls now house today **Progetto Manifattura** - green innovation factory an initiative that is transforming the historic Manifattura Tabacchi in Rovereto into a centre of industrial innovation, a certified incubator of **start-ups** in the sectors of eco-sustainable construction renewable energy and technologies for the environment and sport.

*Progetto Manifattura will host most of the events of the **Multiplications Festival** on 1st and 2nd October, the annual event of ideas and sustainable development.*

### Filatoio di Piazzo – Villa Lagarina

A hydraulically powered **spinning machine** from the early 19th century.

The early 19th-century silk spinning-spinning mill in Piazzo is still partially visible in its original form.

It is a rare **case of preservation** in Europe, where it is still possible to see a rotating shaft with the upper part of its frame relating to the twisting machine.

*Don't miss "**From the spinning wheel to the ditch**" on 1st October, an activity dedicated to **children**, who will be accompanied by a guide from Orto San Marco - Setàp on a journey to discover the silk routes in Villa Lagarina.*

## Taste

### Enantio

Enantio, also known as Ragged Leaf Lambrusco, is an indigenous wine from Vallagarina that found its home several centuries ago in the **Ala and Avio areas**. A ruby red wine, it is dry, fresh and full-bodied, with slightly spicy and vegetal olfactory notes. On the palate it is powerful, with an incredible persistence, the soft tannins and its gentle, spicy acidity make it unique and **balsamic**. Today it is proposed in purity in order to highlight its best characteristics.
